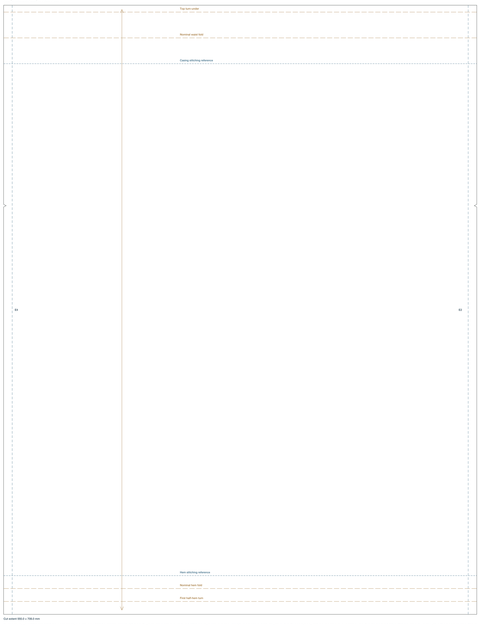
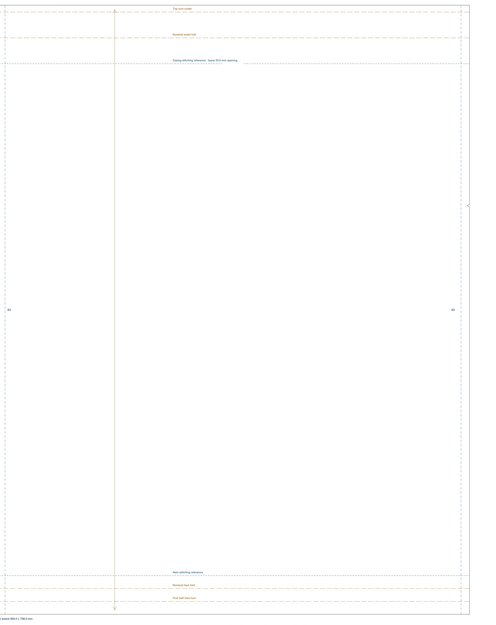
Field gathered skirt | Body 01 | Yard: 2 | CUT 1



Cut extent 990.0 × 758.0 mm

Declared body waist 760.0 mm | hip 990.0 mm, nominal body circumference 1980.0 and finished length 990.0 mm. Sew both side seams through the full 758.0 mm raw height, including casing/hem extensions; finish allowances. Turn the hem twice by 15.0 mm and stitch its inner folded edge. Turn the top first 6.0 then 30.0 mm; stitch the casing with a 25 mm back opening. Thread the declared elastic, lap 25.0 mm, secure and test its behavior before closing the opening. Input dimensions are construction guidance, not verified fit.

Field gathered skirt | Body 01 | Yard: 2 | CUT 1



Cut extent 990.0 × 758.0 mm

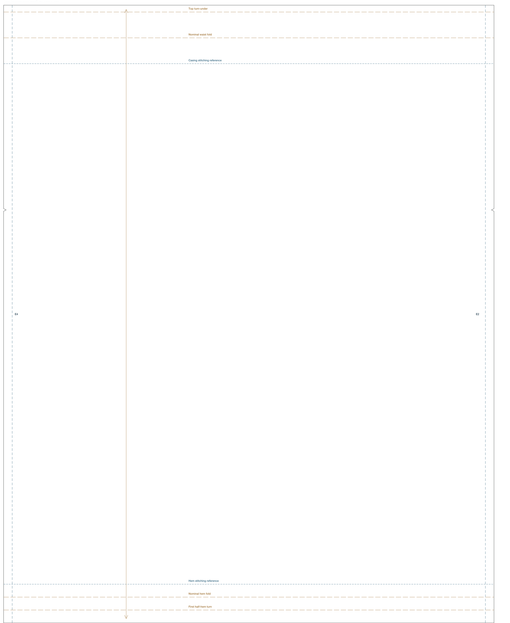
Declared body waist 760.0 mm | hip 990.0 mm, nominal body circumference 1980.0 and finished length 990.0 mm. Sew both side seams through the full 758.0 mm raw height, including casing/hem extensions; finish allowances. Turn the hem twice by 15.0 mm and stitch its inner folded edge. Turn the top first 6.0 then 30.0 mm; stitch the casing with a 25 mm back opening. Thread the declared elastic, lap 25.0 mm, secure and test its behavior before closing the opening. Input dimensions are construction guidance, not verified fit.

Field gathered skirt | Body 01 elastic | CUT 1

Cut extent 758.0 × 25.0 mm

Declared elastic cut guide 758.0 × 25.0 mm; target lap 25.0 mm gives a requested relaxed loop 758.0 mm. Check the actual elastic and waist on a test piece before attaching. No stretched/worn circumference at fit is predicted.

Field gathered skirt | Body 02 | Yard: 2 | CUT 1



Cut extent 979.0 × 716.0 mm

Declared body waist 760.0 | hip 980.0 mm, nominal body circumference 1100.0 and finished length 850.0 mm. Sew both side seams through the full 716.0 mm raw height, including casing/hem extensions; finish allowances. Turn the hem twice by 15.0 mm and stitch its inner folded edge. Turn the top first 6.0 then 30.0 mm; stitch the casing with a 25 mm back opening. Thread the declared elastic, lap 25.0 mm, secure and test its behavior before closing the opening. Input dimensions are construction guidance, not verified fit.

Field gathered skirt | Body 02 | Yard: 2 | CUT 1

Cut extent 979.0 × 716.0 mm

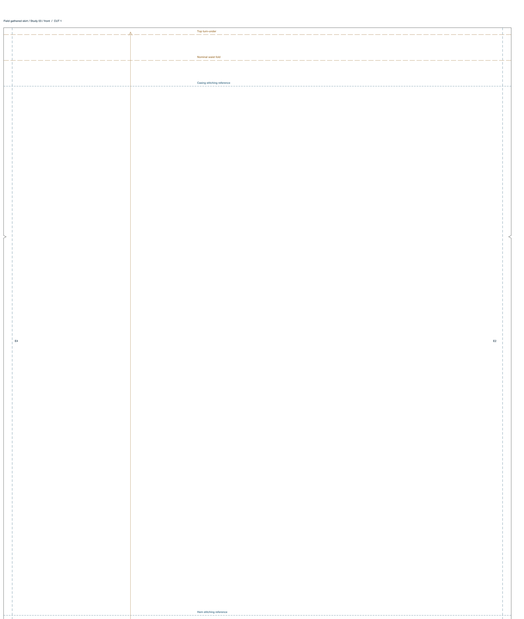
Declared body waist 760.0 | hip 980.0 mm, nominal body circumference 1100.0 and finished length 850.0 mm. Sew both side seams through the full 716.0 mm raw height, including casing/hem extensions; finish allowances. Turn the hem twice by 15.0 mm and stitch its inner folded edge. Turn the top first 6.0 then 30.0 mm; stitch the casing with a 25 mm back opening. Thread the declared elastic, lap 25.0 mm, secure and test its behavior before closing the opening. Input dimensions are construction guidance, not verified fit.

Field gathered skirt | Body 02 elastic | CUT 1

Cut extent 760.0 × 25.0 mm

Declared elastic cut guide 760.0 × 25.0 mm; target lap 25.0 mm gives a requested relaxed loop 760.0 mm. Check the actual elastic and waist on a test piece before attaching. No stretched/worn circumference at fit is predicted.

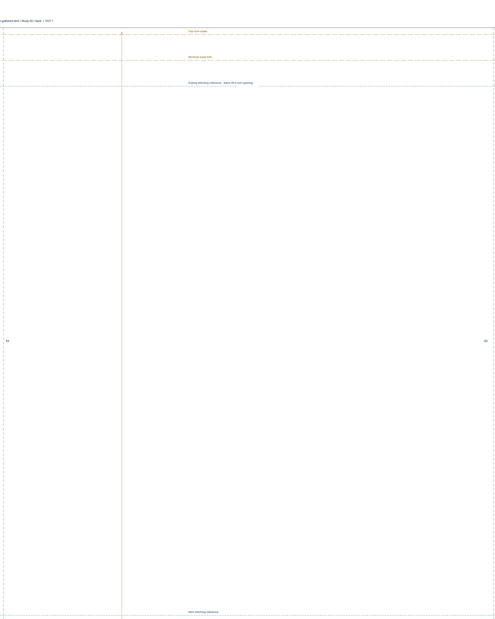
Field gathered skirt | Body 03 | Yard: 2 | CUT 1



Cut extent 998.0 × 758.0 mm

Declared body waist 2000.0 | hip 1000.0 mm, nominal body circumference 1140.0 and finished length 998.0 mm. Sew both side seams through the full 758.0 mm raw height, including casing/hem extensions; finish allowances. Turn the hem twice by 15.0 mm and stitch its inner folded edge. Turn the top first 6.0 then 30.0 mm; stitch the casing with a 25 mm back opening. Thread the declared elastic, lap 25.0 mm, secure and test its behavior before closing the opening. Input dimensions are construction guidance, not verified fit.

Field gathered skirt | Body 03 | Yard: 2 | CUT 1



Cut extent 998.0 × 758.0 mm

Declared body waist 2000.0 | hip 1000.0 mm, nominal body circumference 1140.0 and finished length 998.0 mm. Sew both side seams through the full 758.0 mm raw height, including casing/hem extensions; finish allowances. Turn the hem twice by 15.0 mm and stitch its inner folded edge. Turn the top first 6.0 then 30.0 mm; stitch the casing with a 25 mm back opening. Thread the declared elastic, lap 25.0 mm, secure and test its behavior before closing the opening. Input dimensions are construction guidance, not verified fit.

Field gathered skirt | Body 03 elastic | CUT 1

Cut extent 800.0 × 25.0 mm

Declared elastic cut guide 800.0 × 25.0 mm; target lap 25.0 mm gives a requested relaxed loop 760.0 mm. Check the actual elastic and waist on a test piece before attaching. No stretched/worn circumference at fit is predicted.
